

ROCKSCHOOL DEBUT GRADE – IMPROVISATION TRACKS

These tracks are to be used with the C Major scale – they will be quite short and you have to improvise i.e, “make up” a simple melody line to go over these chords.

The examiner on the day of the exam will give a 1 bar count in before he plays the backing track.

Remember – you will have a chance to practice over the chords first.

Track 1:

Dm7/ G/ C/ C - this repeats a few times on the track.

Track 2:

C/ Am/ G/ G - this repeats a few times on the track.
